

CHATEAU LA MISSION HAUT-BRION

Château La Mission Haut-Brion 1929

Château La Mission Haut-Brion's tasting notes :

A hot, extremely dry year, the driest since the start of the century. The juices were very concentrated and the wines characterized by an enormous richness of tannin. Wines slow to mature, but with exceptional structure.

To taste now.

Weather conditions

Sum of temperatures : 3267°C

Rainfall : 225 mm

Current vintage notes

A hot, extremely dry year, the driest since the start of the century. The juices were very concentrated and the wines characterized by an enormous richness of tannin. Wines slow to mature, but with exceptional structure.
