

CHATEAU LA MISSION HAUT-BRION

Château La Mission Haut-Brion 1961

Château La Mission Haut-Brion's tasting notes :

This is a wine of a rare perfection. In spite of its 30 years, it tastes very young. A great wine, rich but very elegant. Truffle, game, heavy fragrances are the distinctive marks of this elegant full wine. A unique bottle. Suave but complex, an exceptional harmony make this wine difficult to describe. An impression of harmony and fullness on the palate

Marvelous today, but can still age for many more years.

Current vintage notes

A short period of intense cold at the end of May caused exceptional coulure. A hot summer, but above all very dry (the driest on record), and a very fine September yielded a harvest with a maturity and concentration that are simply exceptional."
