

CHATEAU LA MISSION HAUT-BRION

Château La Mission Haut-Brion 1968

Château La Mission Haut-Brion's tasting notes :

The color is normal for this millésime. Aromatically varied, its grape was insufficiently ripe to enable the detection of the scent of ivy and sweet pepper which in time would have added to its interest. In the mouth the wine has softness but the finale is actually dry and slightly burning. This is a bottle that without a doubt has slightly passed its apogee.

To taste now.

Weather conditions

Sum of temperatures : 3102 °C

Rain : 458 mm

Days where temperature above 30 °C : 11

Harvest : from 27/09/1968 to 07/10/1968

Current vintage notes

A late-starting year but with normal heat. Unfortunately, the month of August was very rainy (161 mm.) and September equally so (97 mm.). The grapes were in poor condition long before the harvest. Few good wines were produced in this year.
